Thane - a place whose time has come

Massive infrastructure projects around **Shivalaya Heights** are set to transform Shilphata into a major urban hub and vastly improve connectivity all around.

1 Multimodal Corridor

This 126km long project runs very close to Shivalaya Heights and comprises road, metro, bus lanes and greenways for pedestrians and bicycles. It runs all the way from Virar to Alibaug and is set to be a major boost for development.

2 Airoli-Katal Tunnel Road

This proposed tunnel road will provide direct connectivity to Airoli and the central suburbs. This will drastically reduce road travel times by enabling commuters to bypass Shilphata, Mahape and Mumbra.

3 Monorail

The proposed monorail project between Mahape & Kalyan will pass through Shilphata.

4 Bullet Train Station

The Thane station of the bullet train is located on the central railway line, just 10min from Shivalaya Heights. This will fast track the development of the entire area, and lead to rapid development of the DP roads as well to provide proper access to the station.

5 Mumbai Metro Line 12

The upcoming Line 12 of the Mumbai Metro will connect Shivalaya Heights to Kalyan and Bhiwandi on one side and Taloja on the other side.

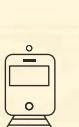

6 Vasai-Panvel Rail Expansion

This proposed 70km railway line will be the largest rail expansion project in the city and will provide excellent connectivity to Panvel and Vasai. Datiwali station on this line is just 5 minutes from Shivalaya Heights.

7 Mumbai-Ahmedabad High Speed Rail Corridor

The proposed bullet train line connecting the Ahmedabad and Mumbai will be India's first high-speed rail line. The line runs very close to Shivalaya Heights with the Thane station nearby. The project will further accelerate development in the area.

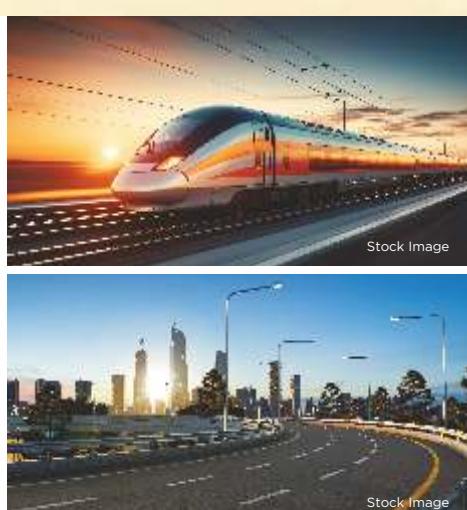

8 Corporate Hub

Major Commercial & Industrial Hub Mahape / Airoli Just 20 to 30 Mins Away from Shilphata.
